CODE OF BEHAVIOUR FOR ALL STAFF

People working at our organisation must always observe the following requirements where children, young people or similarly vulnerable people are concerned.

Do's and Don'ts for Working with Children

DO:

- Behave professionally
- Listen to children
- Treat everyone with respect
- Communicate at an appropriate level
- Be aware of policy and procedures
- Report any suspicions within our guidelines
- Be aware, approachable and understanding

DO NOT:

- Harm a child or frighten a child
- Touch inappropriately
- Use inappropriate language
- Threaten, shout or be aggressive
- Force a child to do something they do not want to do
- Mistreat, demean, ignore, or make fun of
- Show favoritism to any one individual or groups of individuals
- Let a child expose him/herself to danger
- Make racist, sexist or any other remark which upset or humiliate
- Take photos of children without permission

Do's and Don'ts for Working with Vulnerable Adults

DO:

- Be respectful, responsible and professional
- Act in an appropriate manner
- Listen and communicate
- Use common sense; be caring, attentive and aware
- Be sympathetic to their needs
- Be aware of your responsibility
- Be aware of policy and procedures as outlined in this document

DO NOT:

- Treat vulnerable adults as children
- Engage in inappropriate behaviour
- Be aggressive or physically restrain
- Do anything of a personal nature they can do for themselves
- Place yourself in a vulnerable position

You have a strict duty never to subject any child to any form of harm or abuse. Failure to adhere to these procedures will be treated as gross misconduct.

PHOTOGRAPHING and FILMING CHILDREN

The Wells Ballet School policy states that photographs and filming of pupils might be taken and reproduced for class aids and general marketing purposes as the default position. If a parent or guardian does not want their child to be photographed under any circumstances they must advise the Principal in writing by opting out on the registration form.

WHAT TO DO IF AN ACCIDENT HAPPENS

Depending on your judgment of the situation, go to the scene immediately if possible and/or summon First Aid assistance and/or contact the emergency services. With children it can be hard to assess whether they have been injured or the extent of the seriousness of an injury. If you have any doubt about this, you should err on the side of caution and contact the emergency services. Even if a child is accompanied and you think an accident is not being treated seriously enough, get medical assistance on your own initiative if necessary. All accidents should be reported in the Health and Safety manual.

FIRST AID

All staff are first aid trained. Unless there is good reason, First Aid should not be administered without the permission of the child's parent or accompanying adult. A child cannot give consent. If the parent is not at the premises, obtain their phone number and try and make contact. However, if a child is alone and seriously injured or unconscious, the situation will need to be dealt with immediately. If at all possible, treatment should only be given by a trained First Aider.

Provided this does not in itself put the child at risk, always try to administer First Aid with another adult present. Always tell the child exactly what you are doing and why.

Unless it is irrelevant, ask the child if they use medication (e.g. for asthma, diabetes, and epilepsy) or have any allergies. Some children have allergic reactions to stings.

For minor injuries, you may not offer any medication, including antiseptics or pills of any kind. If you have any doubts about helping someone to use their own medication phone the emergency services.

Any treatment should be as little as necessary without threatening the child's wellbeing.

If a child comes to you for comfort because of a minor accident or fright, it is acceptable with the Code of Behaviour to hold their hand or put your arm around them. Just ensure: you know about any injury and do nothing to make it worse.

Physical contact is what the child wants, and the kind of contact between you is appropriate to their age and stage of development.

You do your best to stay in sight of other adults.

If a child needs a doctor or hospital, call the emergency services it is nearly always best to stay with them and wait for the ambulance. You should only take the risk of bringing in the child yourself if the emergency services ask you to do so because of exceptional circumstances.

CHILD ABUSE GUIDELINES

The NSPCC has a written document which outlines the requirements for professionals reporting child abuse in the United Kingdom.

The Department of Health web-site www.doh.gov.uk contains a practical guide to the law relating to child protection, particularly The Protection of Children Act 1999. The site also provides a publication entitled: "What to do if you're worried a child is being abused". This publication has been developed to assist practitioners to safeguard and promote the welfare of children. It sets out the process for safeguarding children. It is aimed at those who come into contact with children and families in their everyday work.

SAFE RECRUITMENT PROCEDURE

All teachers, freelance teachers, relevant contractors, administrative and ancillary staff, will be DBS checked.

All Wells Ballet School staff will undergo an induction process which includes information and written statements of Wells Ballet School policies and procedures.

The Principal should ensure that they are knowledgeable about child protection and that they undertake any training considered necessary to keep updated on new developments.

The Principal is the link between the members of the public, and staff.

The Principal will have the following functions. Namely to:

Be an advisor to all organisation and freelance staff on best practice in regard to the child protection policy.

Agree incident reporting procedures.

Keep records of incidents and reports, together with any other relevant information.
Report incidents to the Statutory Authorities and ensure that appropriate information is available at the time of referral and that the referral is confirmed in writing, under confidential cover.
Ensure that individual case records are maintained of any complaint, injury or action taken by the organisation.

Enhanced Criminal Records Bureau Disclosure

Additional Guidance A: Reporting Suspected Neglect or Abuse

Concerns regarding a child's welfare can be reported by:

- Parents
- Teachers
- Friends
- The child

or young person

All allegations of neglect or abuse will be taken seriously. If a concern is reported directly by the child or young person we will not seek to disagree, ask probing or leading questions, or do anything else which may discourage them. We will make it

clear that reported concerns cannot be kept confidential but will need to be shared with a nominated member of staff or external organisation. Parents or guardians will also be involved if appropriate.

We recognise that early action is vital.

Any concerns will be reported immediately. If

the child or young person is in immediate danger of harm, we will contact the police on 999

In all other cases, we will report concerns to the local Protection Team

Additional Guidance B: Appropriate Physical Contact in Dance

Teaching dance is a physical activity and a teacher will sometimes need to make physical contact with a student to show an idea or to correct the student's position.

This can include:

- Lifting
- Adjusting arms, legs, rib cage, hips, feet, hands
- Moving one student in relation to another

Where contact is needed, we will remain sensitive to the student's wishes and put

their welfare first. In all cases, we will say why and how we will be correcting the student's position before making any contact. We encourage students to report any concerns.

Additional Guidance C: Chaperoning

Children to, from and at Dance Events

When chaperoning students to an event, we will:

- Provide parents and students with information about what the event is for
- Provide parents and students with the full address of the event
- Supply the planned journey route with parents and students upon request
- Make sure that students are aware of what they should do if they get lost
- Ask parents and students for their contact details in case of emergency
- Have a clear idea of how students will be cared for

while at the event and ensure

students know who is responsible for their wellbeing and safety at all times

We will ensure that chaperones hold all required checks and licences and are aware of our Child Protection Policy.

Additional Guidance D: Use of Photographs and Film of Children

We recognise that taking images of students in our care may not always be appropriate and that some children and parents may not want images taken at any time. Therefore, before taking images of a child or young person, we will:

- Make clear to the child and parent where and when the image will be taken
- Clearly identify the person who will be taking the image
- Explain how the image will be used, e.g. whether it will be posted on social media or printed to be displayed at the school
- Seek written agreement from parents that images can be taken of their child.

Where we have publicly displayed images at our school or on social media, parents and students may withdraw their permission at any time. In such cases, the images

will be removed as soon as is reasonable and without question. We ask that any parent wanting to take photographs or film at our events only do so with our prior permission. Permission will only be granted on the agreement of all present.
